The Attorney General is the chief officer of the Department of Justice, and all United States Marshals are under his control. He would also manage, on the part of the people, all litigation in the Supreme Court of the United States assailing the validity of the three constitutional amendments Of course, such an assault would come from the South, and, with a Southern Attorney General managing the case for the United States, giving to the rebels control of both the prosecution and the defense, case against the amendment ought to make successful headway. With a Southern Postmaster General, all the mails at the South would be under Kuklux surveillance. If they should control the Internal Revenue Bureau, that would also place under rebel supervision the collection of the whisky and tobacco tax. The South is not at all modest in its demands, but, having furnished 153 out of the 219 alleged electoral votes received by Cleveland, there is no reason why their demands should be

It is said, also, that conductors, engineers, firemen, station agents, switchmen, longuage smashers and every other class of employes will have their wages reduced, and that many of them have been MARKED FOR DISMISSAL.

The retrenchment in expenses will not only he felt by the employes, but by the public at large. The number of trains is to be reduced, and the information is next to positive that the "fast freight" system is to be abolished entirely. Preparations have been made to consolidate several of the lines which use partially the same tracks. This is but an initial move to the final abandonment of some of the lines, which have been run at a loss to the company. This determination is due to the fact that in the opinion of the new management a number of lines running through the same section of country cater to the

same business, and this is looked upon as an unnecessary expense. Animated Discussion Over the Resolution Favoring a National Trail to the Great Cattle Markets.

St. Louis Chosen As the Permanent Headquarters of the National Cattlemen's Association.

St. Louis, Mo., November 20,-At 10.30 this morning, the Dodge City cowboy band, stationed in the gallery of the Cattle Convention Hall, played "The Stampede," un original composition by rife that the Eric Rallroad authorities are the leader, J. S. Welch. At its close about to lower salaries. A week ago one Chalman Routt threw away his cigar, of the highest officials of the company, adjusted his speciacles and easting a whose sular ranged away up among the warning glance at ex-Senator Dorsey, thousands, was given notice that his res called the Convention to order. The Chair announced as the committee to confer with the Chicago Live Stock Association committee, General N. M. Curtis, of New York; J. W. Hamilton, of New Jersey; A. O. Hadley, of New Mexico; J. M. Coburn, of Kunsas; Colonel R. D. Hunter, of St. Louis; General James B. Brisbin, of Idaho; J. H. Lusk, of Iowa; J. A. Cooper, of Colorado, and Judge Joseph Carroll, of Tevas.

THE CATTLE TRAIL. Governor Stone, of Colorado, presented the report of the Committee on Resolutions, indorsing the resolutions favoring a National cattle trail, with regard to the spread of cattle disease and disapproving of the Indian Reservation system, and stated that the committee was still hard at work. Judge Carroll, of Texas, wished the trall resolution brought before the Convention immediately, and it was read.

As changed by the Committee on Resolutions, this resolution provided for the appointment of a committee of nine to memorialize Congress in favor of the National trail. Here the first

IMPORTANT FIGHT in the convention arose. Ed. Russell, of the Western Kansas Association said that Kansas had had experience of the trail and was sick of it through the injury done to home eattle by the Texas cattle driven through the country and leaving disease behind them. If the trail didn't run through Kansas, Kansas didn't care if the resolution passed, but the trail would not run through Kansas are trail would not run through Kausas next year. The speaker instanced cases of Kansas stock-men ruined by Texas fever left among their herds by Texas drives, and said he spoke for Kansas when he asserted that the State would oppose the trail, if necessary, before Congress. He got the ear of the convention in the beginning and kept it through his speech, loudly applanded by the Kansans.

Ex Governor Norman J. Coleman, of Missouri, editor of the Rural World, followed in support of the trall. Every cow man wanted a trall, and the question was simply where the trail should be and how and when it should be used, Congress could define that.
Granville Stuart, of Montana, was spoiling for a fight with Texas. He wanted to understood that Montana was as much a breading ground as Texas and

much a breeding ground as Texas, and was unwilling to give Texas, Government aid to relieve its overstocked ranges and overcrowd those of the North, and Monto places after the first of January, and an army of clerks are even now looking out for something clas."

General Brisbin, of Idaho, spoke as from the army, which had for one of its duties the keeping of the Indians in order, and wished the preamble stricken out as a gratultous insult to the Indian, who would leave the cattle men alone if the stackmen let them alone. The Woman's Suffrage Convention. CHICAGO, III., November 21.—The second day's session of the American Woman's Suffrage Convention at Hershey Hall was largely attended. The first business of the Association was the reading of re ports by the delegates from the different States and Territories of the work done during the year. Each of the speakers entered into exhaustive arguments on the subject of woman's right to vote. Matters were very quiet there yesterday, there being very few visitors, The butchers consumed most of the day in removing the dressed carcasses to the long table provided for them in the south-east corner of the building. One half of each steer was cut into quarters, and the other half was cut up into every sort of piece that a butcher ever sells, from a soup-piece up. The judges awarded the premiums late in the afternoon. Some of the cattle are to be taken right on to New Orleans for exhibition. New York State Board of Canvassers. ALBANY, N. Y., November 21.-The State Board of Canvassers was called to order at 4 p. m., the members all being present. In the Delaware County protest case, there having been fifty-four green colored ballots cast which were counted by the inspectors, a resolution was offered and carried that the votes be counted as cast. The Kings County re turn showed an error of 698 votes in the footings. A telegrain from the County Clerk was received stating that the details were correct. A resolution was offered and carried that 1,031 votes reported as cast in New York County for Michael Downing be counted for Mitchell Downing, and votes east for Halpine were placed to the credit of Haldine. The Richmond County Clerk was present personally and explained the cicrical error in that county returns, by which two Butier Electors were omitted.
